Large and Medium Scale Manufacturing and Electricity Industries Survey (LMSMEIS-2012)

Overview

Type	Enterprise Survey [en/oth]
Identification	ETH-CSA-LMSMEIS-2012-v1.0
Version	Production Date: 2012-08 Version 1.0: Edited and non anonymized dataset, for internal use only.

Abstract

The general objective of Manufacturing and Electricity Industries Survey is to collect basic quantitative information on the country's manufacturing that is essential for planning, policy making, monitoring, System of National Accounts (SNA) and evaluation of the performance and structure of the manufacturing industries, and ensure the smooth supply of inputs and production of commodities and deal with the problems that crop up in the sector.

The specific objectives of Manufacturing and Electricity Industries Survey are to gauge the total number of proprietors/manufacturing industries, employment, income obtained, and volume and value of production and inputs, value added and other variables of interest. The specific objectives also enable to reveal the distribution of manufacturing industries across the regions and major towns of the country, the sector's contribution to the economy, the investment situation, etc. The report is based on establishments which engage ten persons and more and use power-driven machinery and of both public and private industries in the country.

Kind of Data	Sample survey data [ssd]
Unit of Analysis	Enterprises/ Industries which engaged 10 persons and more and used power-driven machinery.

Scope & Coverage

Scope

Manufacturing comprises establishments engaged in the mechanical, physical, or chemical transformation of materials, substances, or components into new products. The assembling of component parts of manufactured products is also considered manufacturing. However, the scope of manufacturing industries in this survey is limited to those establishments which engage ten persons and more and use power-driven machinery and covers both public and private industries in all regions of the country, where establishments in scope of the survey are found. As to electricity data, the survey covered only the electricity supplied by the Ethiopian Electric Power Corporation.

The range of data items that the 2010/11 (2003 E.C) manufacturing and electricity industries survey comprises are number of proprietors / enterprises involved in manufacturing, employment, income obtained, volume and value of production and inputs, wages and salaries paid by the establishments, paid-up capital, costs of production, value added, distribution of manufacturing industries across the country, investment in manufacturing, and others in the sector. Manufacturing industries/enterprises which engaged ten persons and more and used power-driven machinery were entirely enumerated all over the country and data on the enterprises acquired.

Geographic Coverage

Covers both public and private industries in all regions of the country, where establishments in scope of the survey are found.
As to electricity data, the survey covered only the electricity supplied by the Ethiopian Electric Power Corporation.

Data Collection	
Data Collection Mode	Face-to-face [f2f]

Data Collection Notes

Training of field staff:-

The execution of a survey and quality of data acquired from the survey highly depend on the type of training given to the enumerators and supervisors and the consequent understanding of the tasks to be performed and the standard procedures to be followed by the enumerators and supervisors in the survey undertaking. The quality and completeness of data are ensured when the training meets its objective of producing responsible and fervent enumerators and supervisors.

In light of this point, thorough training was given to the field staff. The training which took place at the Head Quarters of CSA and lasted 7 days targeted staff from the Head Office, statisticians, senior field supervisors, and enumerators from Branch Statistical Offices. In the training, the field staff was given detailed classroom instruction on interviewing procedures, how to collect, edit and code data, and verify them, etc. The training also included demonstrations and classroom exercise to reinforce their understanding of concepts, definitions, and theories discussed in the classroom with regard to interviewing method, data collection and authentication and other related activities.

Data Collector(s)	Central Statistical Agency (CSA) , Ministry of Finance and Economic Development

Data Processing & Appraisal

Data Editing

Coding and editing are done by the enumerators and supervisors in the field, respectively; verification of this task is also done at the Head Office comprehensively.

An editing, coding and verification instruction manual was prepared and reproduced for this purpose. Then 30 editors-coders and verifiers were trained for two days in editing, coding and verification using the aforementioned manual as a reference and teaching aid. The completed questionnaires were edited, coded and later verified on a 100 % basis before the questionnaires were passed over to the data entry unit. The editing, coding and verification exercise of all questionnaires took 30 days.

Before data entry, the Business Statistics Directorate of the CSA prepared edit specification for the survey for use on personal computers for data consistency checking purposes. The data on the edited and coded questionnaires were then entered into personal computers and checked and cleaned for consistency purposes using the edit specification prepared earlier for this purpose. The data entry operation involved about 20 data encoders and took 30 days to finish the job. Finally, summarization of the data was done on personal computers to produce statistical tables as per the tabulation plan.

Accessibility	
Access Authority	Central Statistical Agency (Ministry of Finance and Economic Development) , http://www.csa.gov.et , csa@csa.gov.et

Access Conditions

The Central Statistical Agency (CSA) is committed to achieving excellence in the provision of timely, reliable and affordable official statistics for informed decision making in order to maximize the welfare of all Ethiopians. This is achieved through the collection and analysis of censuses, surveys and the use of administrative data as well as the dissemination a range of statistical products and providing assistance and services to users.

A microdata dissemination policy is established by CSA to address the conditions and the manner in which anonymized microdata files may be released to users for research purposes. It also strives to identify the different levels of anonymization for different categories of data use. This policy is available at CSA website (www.csa.gov.et <http://www.csa.gov.et>).

CSA will release microdata files for use by researchers for scientific research purposes when:
The Director General is satisfied that all reasonable steps have been taken to prevent the identification of individual respondents
The release of the data will substantially enhance the analytic value of the data that have been collected
For all but purely public files, researchers disclose the nature and objectives of their intended research,
It can be demonstrated that there are no credible alternative sources for these data, and
The researchers have signed an appropriate undertaking.

Terms and conditions of use of public data files are the following:
The data and other materials provided by CSA will not be redistributed or sold to other individuals, institutions, or organizations without the written agreement of CSA.
The data will be used for statistical and scientific research purposes only. They will be used solely for reporting of aggregated information, and not for investigation of specific individuals or organizations.
No attempt will be made to re-identify respondents, and no use will be made of the identity of any person or establishment discovered inadvertently. Any such discovery would immediately be reported to the CSA.
No attempt will be made to produce links among datasets provided by CSA, or among data from the CSA and other datasets that could identify individuals or organizations.
Any books, articles, conference papers, theses, dissertations, reports, or other publications that employ data obtained from CSA will cite the source of data in accordance with the Citation Requirement provided with each dataset.
An electronic copy of all reports and publications based on the requested data will be sent to CSA.
The original collector of the data, CSA, and the relevant funding agencies bear no responsibility for use of the data or for interpretations or inferences based upon such uses.

Cost Recovery Policy:
It is the policy of CSA to encourage broad use of its products by making them affordable for users. Accordingly, CSA attempts to ensure that the costs of creating anonymized microdata files are built-in to the survey budget. At the same time, CSA attempts to recover costs associated with the provisions of special services that benefit only a specific group. Information on the price of each dataset is available at CSA website (www.csa.gov.et <http://www.csa.gov.et>).

Information	[Type= continuous] [Format=numeric] [Range= 1-6361] [Missing=*]
Statistics [NW/ W]	[Valid=104 /-] [Invalid=1832 /-] [Mean=825.106 /-] [StdDev=1046.067 /-]
Literal question	House number

#22 ID20: Telephone

Information	[Type= continuous] [Format=numeric] [Range= 1155-2516622875] [Missing=*]
Statistics [NW/ W]	[Valid=213 /-] [Invalid=1723 /-] [Mean=249585370.676 /-] [StdDev=314745951.629 /-]
Literal question	Telephone

#23 ID21: P.O.Box

Information	[Type= continuous] [Format=numeric] [Range= 2581250-999999999] [Missing=*]
Statistics [NW/ W]	[Valid=184 /-] [Invalid=1752 /-] [Mean=962779056.185 /-] [StdDev=176403269.893 /-]
Literal question	P.O.Box

#24 PT01: Number of establishment

Information	[Type= discrete] [Format=numeric] [Range= 1-12] [Missing=*]
Statistics [NW/ W]	[Valid=157 /-] [Invalid=1779 /-] [Mean=1.573 /-] [StdDev=1.598 /-]
Literal question	Number of establishment

Value	Label	Cases	Percentage
1		118	75.2%
2		23	14.6%
3		8	5.1%
4		2	1.3%
6		3	1.9%
10		1	0.6%
11		1	0.6%
12		1	0.6%
Sysmiss		1779	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#25 PT02: Date of commencement of operation

Information	[Type= continuous] [Format=numeric] [Range= 1915-132001] [Missing=*]
Statistics [NW/ W]	[Valid=1904 /-] [Invalid=32 /-] [Mean=55201.024 /-] [StdDev=36417.772 /-]

File Basic information about the establisment(Part2)2003 E.F

#25 PT02: Date of commencement of operation

Literal question	Date of commencement of operation

#26 PT03: Keep books of accounts

Information	[Type= discrete] [Format=numeric] [Range= 1-3] [Missing=*]
Statistics [NW/ W]	[Valid=1936 /-] [Invalid=0 /-]
Literal question	Keep books of accounts

Value	Label	Cases	Percentage	
1	YES	1033		53.4%
2	NO	526		27.2%
3		377		19.5%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#27 PT04: Calendar accounts and books are being kept

Information	[Type= discrete] [Format=numeric] [Range= 1-4] [Missing=*]
Statistics [NW/ W]	[Valid=1060 /-] [Invalid=876 /-]
Literal question	Calendar accounts and books are being kept

Value	Label	Cases	Percentage	
1	Ethiopian fiscal year (ending July 7)	913		86.1%
2	Ethiopian calendar (ending Sept. 10)	31		2.9%
3	Gregorian calendar (ending Dec. 31)	97		9.2%
4	Other	19		1.8%
Sysmiss		876		

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#28 PT05: Type of ownership

Information	[Type= discrete] [Format=numeric] [Range= 1-3] [Missing=*]
Statistics [NW/ W]	[Valid=1936 /-] [Invalid=0 /-]
Literal question	Type of ownership

Value	Label	Cases	Percentage	
1	Private or co-operative	1850		95.6%
2	Public	77		4.0%
3	Public or private	9		0.5%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#29 PT051: Ownership transfered from public tp private

Information	[Type= discrete] [Format=numeric] [Range= 1-2] [Missing=*]
Statistics [NW/ W]	[Valid=1864 /-] [Invalid=72 /-]
Literal question	Ownership transfered from public tp private

Value	Label	Cases	Percentage	
1	Yes	90		4.8%
2	No	1774		95.2%
Sysmiss		72		

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#30 TRFTIME: When was the transfer of ownership occurred

Information	[Type= continuous] [Format=numeric] [Range= 1990-122002] [Missing=*]

File Basic information about the establisment(Part2)2003 E.F

#30 TRFTIME: When was the transfer of ownership occurred

Statistics [NW/ W]	[Valid=86 /-] [Invalid=1850 /-] [Mean=53484.965 /-] [StdDev=36369.416 /-]
Literal question	When was the transfer of ownership occurred

#31 PT06: Legal form of the establishment

Information	[Type= discrete] [Format=numeric] [Range= 1-6] [Missing=*]
Statistics [NW/ W]	[Valid=1828 /-] [Invalid=108 /-]
Literal question	Legal form of the establishment

Value	Label	Cases	Percentage
1	Individual proprietor	872	47.7%
2	Partnership or joint venture	93	5.1%
3	Share company	78	4.3%
4	Private limited company	510	27.9%
5	Co-operative	245	13.4%
6	Others	30	1.6%
Sysmiss		108	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

#32 PT071: Male owners

Information	[Type= continuous] [Format=numeric] [Range= 0-490] [Missing=*]
Statistics [NW/ W]	[Valid=1645 /-] [Invalid=291 /-] [Mean=3.643 /-] [StdDev=17.407 /-]
Literal question	Male owners

#33 PT072: Female owners

Information	[Type= continuous] [Format=numeric] [Range= 1-437] [Missing=*]
Statistics [NW/ W]	[Valid=714 /-] [Invalid=1222 /-] [Mean=3.216 /-] [StdDev=18.884 /-]
Literal question	Female owners

#34 PT073: Total number of owners(both sex)

Information	[Type= continuous] [Format=numeric] [Range= 1-839] [Missing=*]
Statistics [NW/ W]	[Valid=1805 /-] [Invalid=131 /-] [Mean=4.592 /-] [StdDev=27.728 /-]
Literal question	Total number of owners(both sex)

#35 PT08: Initial paid-up capital (private ethiopian male)

Information	[Type= continuous] [Format=numeric] [Range= 80-825000000] [Missing=*]
Statistics [NW/ W]	[Valid=1559 /-] [Invalid=377 /-] [Mean=7113399.379 /-] [StdDev=32776545.183 /-]
Literal question	Initial paid-up capital (private ethiopian male)

#36 PT09: Initial paid-up capital (private ethiopian female)

Information	[Type= continuous] [Format=numeric] [Range= 0-47787560] [Missing=*]
Statistics [NW/ W]	[Valid=627 /-] [Invalid=1309 /-] [Mean=1963263.338 /-] [StdDev=5024128.071 /-]
Literal question	Initial paid-up capital (private ethiopian female)

#37 PT10: Initial paid-up capital (private non-ethiopian)

Information	[Type= continuous] [Format=numeric] [Range= 0-276042826] [Missing=*]
Statistics [NW/ W]	[Valid=117 /-] [Invalid=1819 /-] [Mean=14879005.034 /-] [StdDev=36961162.845 /-]
